SUMMARY

A dedicated and logic-driven Software Engineering (PPLG) student at SMKS Wikrama Bogor with over 2 years of practical experience in web and software development. Passionate about full-stack development, artificial intelligence, and building modern digital experiences. Proven ability to create scalable applications from interactive frontend interfaces to robust backend systems with a strong focus on clean architecture, performance, and user experience. Open to internships, freelance, and collaborative opportunities.

WORK EXPERIENCE

- Studio Ghibli App (Frontend Web Application)** Mar 2026
- Developed an interactive movie and character catalog using React, Vite, and Tailwind CSS.
 - Integrated REST APIs with global state management and smooth UI animations using Framer Motion.
- Platzi Fake Store App (E-commerce Frontend)** Feb 2026
- Built a responsive e-commerce frontend consuming REST APIs using React and Tailwind CSS.
 - Implemented product filtering, pagination, and a shopping cart with Flowbite UI.
- Trashure (Fullstack Waste Management Platform)** Dec 2025
- Built a waste management platform with a gamified point system using Laravel and Tailwind CSS.
 - Implemented user reporting features and precise regional data integration.
- TixID Clone (Cinema Ticketing System)** Nov 2025
- Developed a fullstack movie ticketing platform featuring dynamic seat selection and multi-role dashboards.
 - Integrated QR code payments, PDF tickets, and Excel reporting using Laravel and Tailwind CSS.
- Erigo Fashion Web & Aranya Coffee (Frontend Interfaces)** May - Jun 2025
- Created responsive modern catalog and landing pages utilizing React, Laravel, and Tailwind CSS.

EDUCATION

- Wikrama Vocational Highschool | Software and Game Development** Jul 2024 - Jul 2027
- Studied programming basics and fundamental software engineering concepts.
 - Developed dynamic web and mobile applications using React, Node.js, Laravel, Flutter, and Tailwind CSS.
 - Gained hands-on experience in UI/UX design with Figma, REST APIs, Python, and relational databases (MySQL).
 - Actively participated in the Python Productive Extracurricular club, focusing on Object-Oriented Programming (OOP), Flask, and Django REST framework.
 - Actively engaged in Paskibra (Flag Hoisting Troop) extracurricular activities, developing discipline and teamwork.
- SMPN 1 Ciawi | General Education** Jul 2021 - Jun 2024
- Actively participated in the Scout (Pramuka) extracurricular club, developing leadership and teamwork skills

SKILLS

Hard Skills:

- Python (Numpy, Pandas, Matplotlib, Sklearn)
- Javascript
- TailwindCSS
- React JS
- Django
- Flutter
- MySQL
- Laravel
- PHP
- GIT

Soft Skills:

- Problem Solving
- Critical Thinking
- Collaboration
- Communication
- Discipline
- Continuous Learning
- Adaptability
